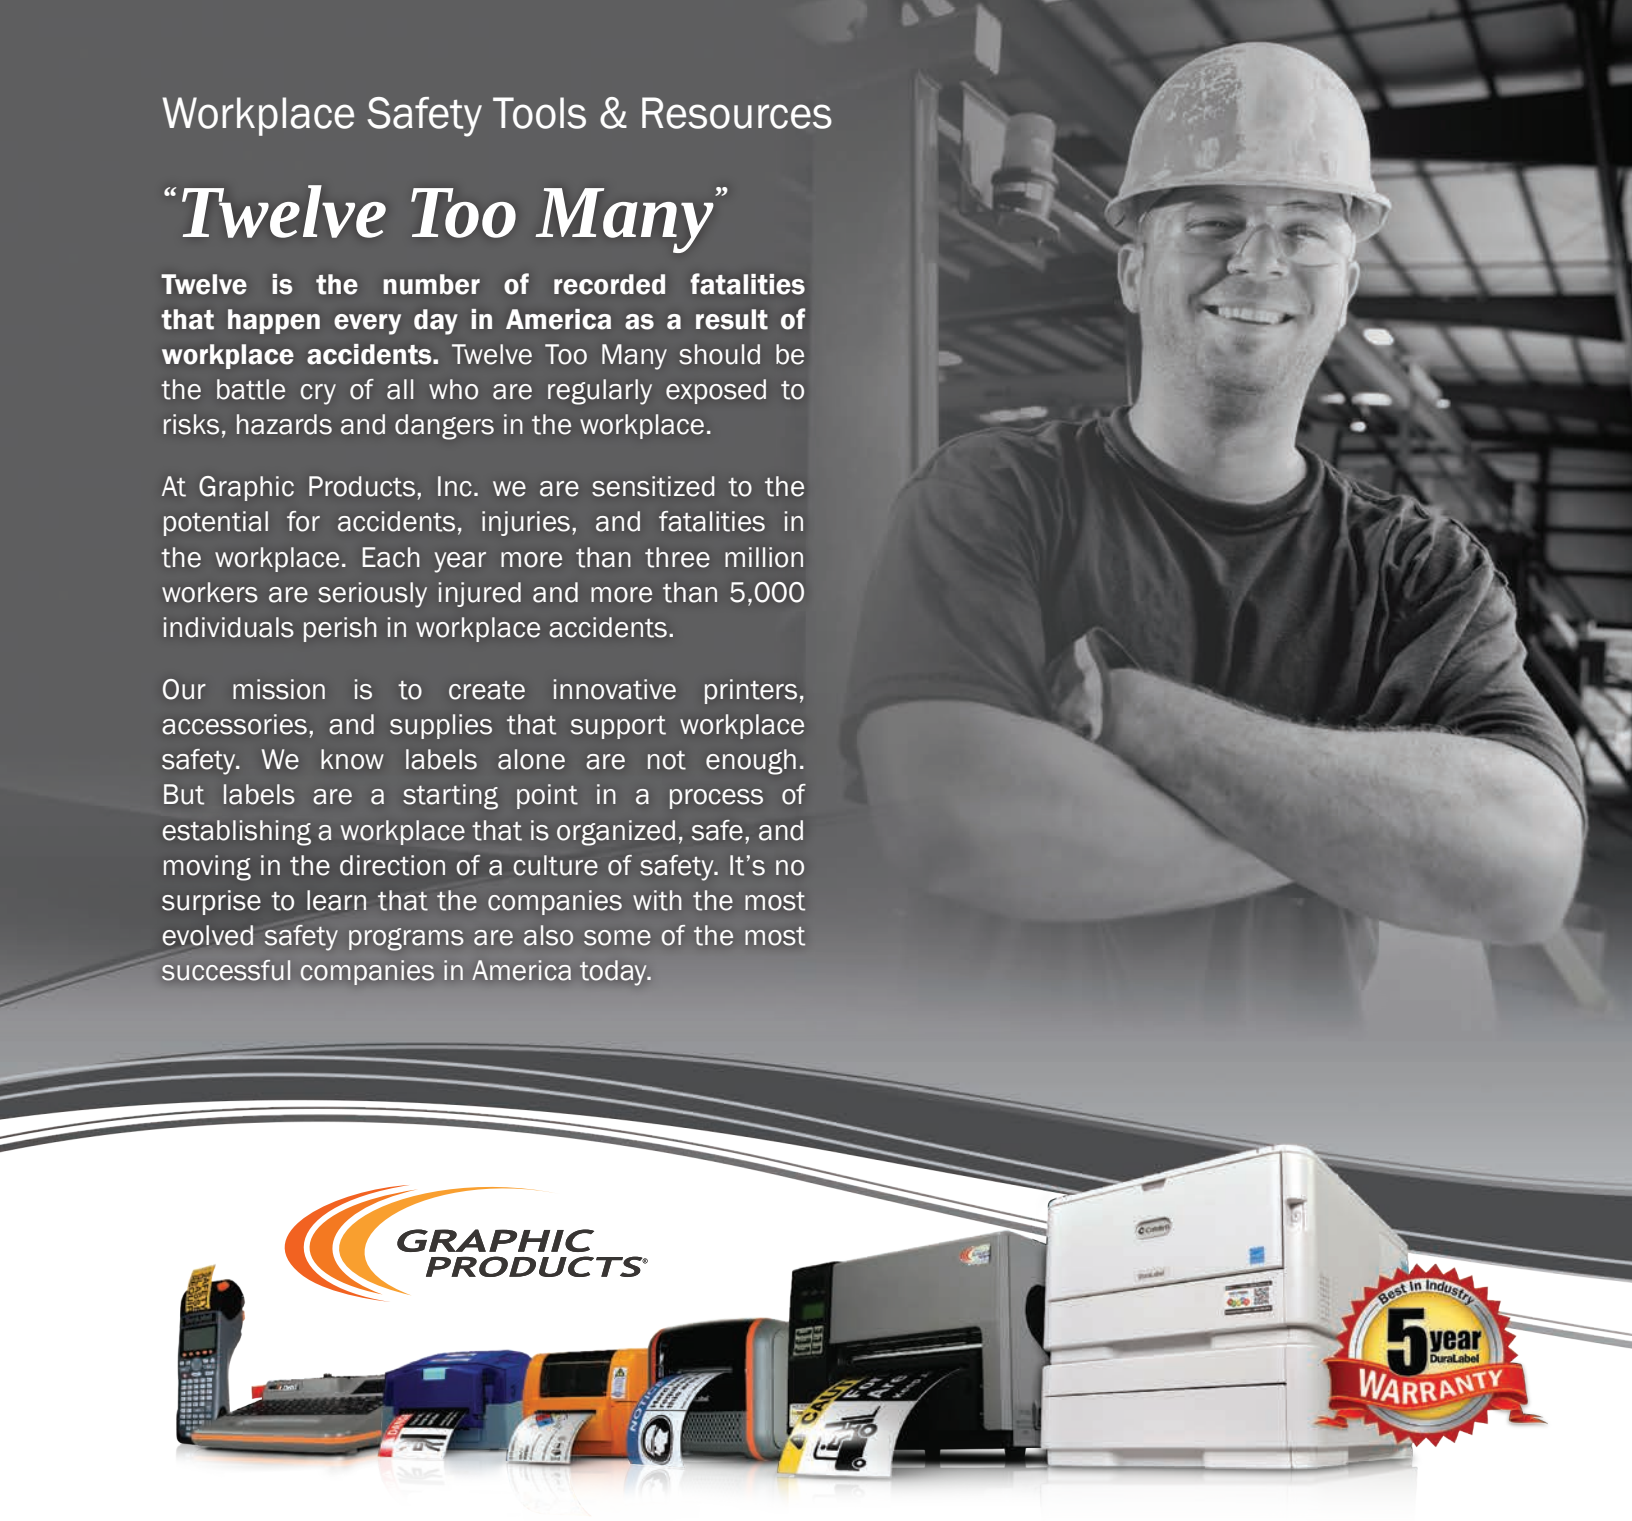
Workplace Safety Tools & Resources

"Twelve Too Many"

Twelve is the number of recorded fatalities that happen every day in America as a result of workplace accidents. Twelve Too Many should be the battle cry of all who are regularly exposed to risks, hazards and dangers in the workplace.

At Graphic Products, Inc. we are sensitized to the potential for accidents, injuries, and fatalities in the workplace. Each year more than three million workers are seriously injured and more than 5,000 individuals perish in workplace accidents.

Our mission is to create innovative printers, accessories, and supplies that support workplace safety. We know labels alone are not enough. But labels are a starting point in a process of establishing a workplace that is organized, safe, and moving in the direction of a culture of safety. It's no surprise to learn that the companies with the most evolved safety programs are also some of the most successful companies in America today.



When you choose DuraLabel printers and supplies from Graphic Products, Inc. to increase the safety and organization of your facility, you receive:

- **Best Materials Available** - Only the best quality supplies. Our reputation depends on it.
- **Lab-Tested Supplies** - We perform rigorous tests for heat, cold, sunlight, chemical exposure, and abrasions. Chances are our supplies have already survived more than your environment can dish out.
- **Huge Selection** - More than 50 application-specific supplies available.
- **Fast Shipping** - 99% of orders ship the same day they are received.
- **Lifetime Customer Support** - If you need service, supplies, expertise for special jobs, or free M&M's, we're here as long as you need us.
- **5-Year Warranty on All DuraLabel Printers** - This unmatched warranty covers the entire printer. For details, visit *DuraLabel.com/warranty*

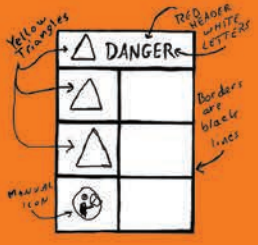
MAKE IT YOUR OWN

Custom Label Service

Have you ever ordered preprinted safety labels and signs from an online service or catalog because you thought it was faster or more cost effective than creating your own? Did you have to order more than you needed to get the price break? Don't settle for generic labels. Get your message across clearly with DuraLabel Custom Label Service. We'll help you design any label or sign for safety, compliance, wayfinding, or any visual communication challenge you have. We can even include your company logo!

It's as Easy as 1... 2... 3

We will work with you to design the label or sign that says exactly what you need it to. We'll also help you select the right supply from our inventory of more than 50 supply types.



1 Send us artwork or a digital file such as JPG or PDF. You can even sketch your idea on paper.

2 We'll create templates and supplies to your specifications.

3 Place the custom template and supply in your DuraLabel labeling system and print.

Order Your Custom Labels Now!

DuraLabel TORO®

Completely IT Independent

Toro doesn't require network connectivity or IT support. There are absolutely no security issues with workplace permissions or passwords. Toro is a true standalone system designed with the busy workplace in mind.

All specifications subject to change without notice.

Applications

From mining to aerospace, from military to manufacturing, thousands of industries are using DuraLabel for:

- Arc Flash
- Pipe Marking
- Lean Manufacturing
- Right-To-Know
- Barcoding
- Facility Identification

Supplies

Supplies available for unusual surfaces, extreme weather conditions, and harsh environments. Here are just a few:

- Outdoor Arc Flash Labels
- ESD Tapes
- Shrink-Tubing
- Printable Floor Marking Tapes
- Poly Cling Supply
- DuraChem Tapes
- Marine Label Tapes
- High-Temp Poly Tapes
- DuraTag™ (Tag Stock)
- NFPA Labels
- Tamper-Evident Tapes
- Premium Indoor/ Outdoor Vinyl Tapes

Visit *DuraLabel.com/printer* for more supplies.

Benefits

Don't just meet standards. Exceed them with Toro.

- Print in the field or at remote locations
- Doesn't require network connectivity
- Folds up conveniently for saving space & transportation
- Battery allows for 3 hours of continuous printing (equivalent to 3,600 4" x 6" labels)

Accessories

Take your Toro on the go with these handy accessories.

What You See is What You Get!
Lobo's color screen shows you exactly what you'll print using the supplies loaded, so only desired labels are produced.

All specifications subject to change without notice.

Applications

Lobo was built tough for use in industrial and laboratory environments, and designed with the office in mind.

- Wayfinding
- 5S/Kanban Labels
- Barcode Labels
- Aisle Markers
- Bin & Shelf Labels
- Pipe Markers
- Wire & Cable Markers
- Electrical Box Labels
- Batch/Process Labels
- Maintenance Labels
- Connector Labels
- Office Name Plates

Supplies

Supplies available for many environments. Here are just a few available supplies:

- Self-Laminating Wire Wraps
- UL 969 Compliant Poly Tapes
- Circuit Board Polyimide Tapes
- Electrostatic Dissipative Tapes
- Repositionable Tapes
- Fluorescent HiViz Tapes
- High-Temp Poly Tapes
- LN2 Poly Tapes
- Shrink-Tubing
- High-Tack Tapes
- Cold Storage Tapes
- Extended-Life Tapes

Benefits

At a desk, workbench, or in a vehicle, Lobo's ready to work anywhere.

- No wasted supply — automatically backfeeds for precisely cut labels
- Fast print speed — 2" per second
- One-touch command keys for simple formatting
- Auto font size — text will shrink or expand to fit label
- Automatic cutter — no additional actions required
- Battery allows for 3 hours of continuous printing (equivalent to 2,800 2" x 6" labels)

Accessories

Take your Lobo on the go with these handy accessories.

LABEL PRINTING HAS NEVER BEEN SO EASY!

DuraLabel's FREE DuraSuite™ Labeling Software includes everything needed to design and print professional, compliant signs and labels.

DuraSuite™ Labeling Software

- Free with purchase of DuraLabel desktop printer (DuraLabel PRO, PRO 300, TORO, 4000, 9000, & Catalyst)
- One license covers entire facility — use on multiple computers
- Code-compliant standards built in
- Free customer support
- Easy to navigate between label design software programs
- Software programs for: arc flash, pipe marking (ANSI/ASME & IIAR), RTK, GHS, HazCom 2012, & custom labels

What You'll Find in DuraSuite - The following software programs may be accessed and utilized through DuraSuite.

Arc Flash Software

- Customize information
- Save for later access
- Print in a variety of sizes
- Print DuraLabel arc flash die-cut labels with either an English, Spanish or French header

Manual Pipe Marker Software

- Custom ANSI/ASME-compliant pipe labels
- Custom IIAR-compliant pipe labels
- Automatic & manual design, setup modes
- Standard & wrap-around pipe label layouts

GHS/HazCom 2012 Software

- Comply with domestic and international standards using the HazCom 2012 and GHS modules
- Largest selection of label templates to meet specific chemical storage & distribution needs
- Select from pre-programmed hazard & precautionary statements
- Database contains over 1,500 chemical templates which can be customized to meet your needs
- Search database by product name, CAS#, UN#, EC#

Label Design Software

- Design labels with ANSI symbols
- Customize size, layout, text & graphics
- Import logos & personal graphics

RTK Software

- RTK color bar & NFPA label formats
- Save new labels
- Print in a variety of sizes
- Includes information on 1,700+ chemicals
- Search by chemical name or CAS #

Also Included Free with DuraLabel Desktop Printers:

- 1,700+ ANSI-compliant & general-purpose symbols
- Label & sign templates*
  - General-purpose label & sign templates
  - ASME/ANSI pipe templates
